I. Background

The Alabama Medicaid Agency on behalf of the Alabama Health Information Exchange is soliciting proposals to support and maintain a statewide Health Information Exchange infrastructure for physicians, hospitals, mental health providers, other health care organizations, and consumers. Alabama's Health Information Exchange (HIE) is called One Health Record® (OHR). The purpose of this Request for Proposal (RFP) is to obtain vendor services and expertise for the continued implementation, maintenance, operation, and support of the OHR. The details on the scope of work, requirements, and deliverables are contained in this RFP. The overall project plan for the implementation and operation of the OHR will follow the Office of the National Coordinator (ONC) approved certification, all applicable federal and state laws, including the 21st Century Cures Act and all published final rules, and CMS approved outcomes based certification requirements. Further information on OHR can be found on the Agency website at www.onehealthrecord.alabama.gov.

One Health Record® provides low cost, simple tools (Core Service Components) that will help providers meet and leverage **their health IT capabilities for success in the both existing and modified care delivery models**. OHR's Core Service Components include, but are not limited to: Provider Registry/Directory, Secure Messaging, a Master Person Index, Record Locator Service, Document Registry, HL7 and Admission, Discharge, & Transfer Notifications, C-CDA Query, and Data Analytical tools. Clinical information is shared from the participant provider health systems and is augmented from various support service areas such as care plans, and other state HHS agencies through connections with these entities and data systems.

In July 2016, OHR installed the InterSystems Corporation (ISC) Healthshare 2015 HIE technology service stack, called the ISC Unified Health Record, as the AHIE platform for health information exchange. This platform was upgraded to the Healthshare 2019 version 19.1 in October 2019. OHR is expected to integrate the ISC Data platform, IRIS, in late 2020. Therefore, ISC Healthshare will remain and continue to be the State's HIE platform solution.

As of June 1, 2020, OHR has a total of 365 connected hospitals and clinics, 4 connections pending production release and 10 In-Progress connections currently. There is an on-going and continual work effort to establish interoperable connections with additional facilities, EMS providers, skilled nursing facilities, care plans, and other health IT vendors companies.

OHR is a contributing member of Strategic Health Information Collaborative (SHIEC) and is a connected HIE in SHIEC's Patient Centered Data Home (PCDH national network). OHR maintains connectivity to 23 other state HIE's across the national landscape.

OHR maintains membership as an eHealth Exchange (eHx) hub participant and has established connections with federal partners, such as the VA, DoD, and SSA.

There are hospital systems, networks, and other health entities with limited levels of data exchange and secure messaging. Our continuing implementation provide various standards based avenues and options for data exchange to meet the needs of our diverse populations needs.

A. OHR Governance

Alabama Medicaid Agency administers and operates OHR. In January 2018, Medicaid established a Hospital IT Advisory Council to provide leadership and guidance on the expanded activities for connectivity and implementation. This Advisory Council group serves as a working group to offer leadership on strategies which encourage and provide collaboration, and facilitate a standardized approach to interoperable health information exchange in Alabama. This is accomplished through the provision of input on strategies, issues and recommendations for all aspects of Health Information Technology including, but not limited to, the value strategies and interoperability services to all Medicaid providers.

B. Mission and Goals

The mission of the OHR is to improve health care quality and efficiency of health care delivery in the state. The vision for the OHR is to strengthen Alabama's health care system through the timely, secure and authorized exchange of patient health information among health care providers that results in one longitudinal patient record, timely data, population health analysis, and care coordination. The exchange of health information through the OHR supports patient-centered health care and continuous improvements in access, quality, outcomes and efficiency of care.

OHR's goals and objectives in support of its mission and vision include:

- Create immediate access to critical health information for patients, providers, and payers to ensure health information is available to health care providers at the point of care for all patients;
- Facilitate administrative efficiencies and clinical effectiveness, including reduction of medical errors, avoidance of duplicative procedures and better coordination of care by linking the full continuum of providers —public and private, physicians, clinics, labs and medical facilities;
- Support the transformation of health care delivery to a quality patient-centered model that engages and educates consumers and providers about the benefits of HIE, and ensures knowledge about privacy rights and protections;
- Create an integrated operational structure for the OHR that includes a role for key community stakeholders with statewide collaborative capabilities in order to provide the highest functional exchange at the lowest cost.
- Support the interoperability of PHI exchange throughout Alabama and facilitate health care providers' ability to meet program benchmarks for alternative payment models for Medicare and Medicaid.
- Assure inter- as well as intra-state interoperability through the development of an enterprise approach for Alabama that is aligned with eHx guidelines.

C. Alignment with National Exchange Standards

Underlying the success of OHR is our stakeholder participation in the OHR and the achievement of standards-based data exchange interoperability as defined by the HITECH provisions of ARRA, 21st Century Cures Act, Health Level Seven (HL7) messaging and protocols including Fast Healthcare Interoperable Resource (FHIR), Consolidate Continuity of Care Architecture constructs/segments (C-CDA), US Core Data for Interoperability (USCDI), and Integrated Health Enterprise (IHE). We will strive to continue the implementation and utilization of electronic health information and health IT applications that leverage the connectivity to OHR.

D. RFP Purpose

The OHR is seeking a vendor to provide support services to complement our health information exchange solution, responsive to the specific requirements as detailed in this RFP. The services offered are those necessary to continue OHR's Development, Design and Implementation (DDI) while supporting our current daily HIE operations.

All information contained in this RFP and any amendments reflect the best and most accurate information available to Medicaid at the time of RFP preparation. No inaccuracies in such data shall constitute a basis for change of the payments to the Vendor or a basis for legal recovery of damages, actual, consequential or punitive, except to the extent that those inaccuracies are the result of intentional misrepresentation by Medicaid.

II. Scope of Work

Alabama is seeking a vendor which can provide support services to develop solutions for expanded DDI connectivity implementation efforts coupled with daily maintenance and operational support for OHR. The Vendor agrees and understands that all data collected shall not be available to the vendor for any purpose other than those outlined by One Health Record® and is immediately available and/or transferable to Medicaid and/or its designee within 30 days of request at no cost. All permitted data is currently exported to the Medicaid data lake with the capability to be compatible with a structured SQL format suitable for importing into a SQL Server environment.

The Vendor response of knowledge, experience, capabilities, and requirements must be in accordance to OHR's Core Service Components, Operational Requirements and Standards (Infrastructure Support), and System Implementation Requirements.

All items listed in this **Section A** are OHR Infrastructure & Core Service Components. VIII. Submission Requirements

A. Authority

This RFP is issued under the authority of Section 41-16-72 of the Alabama Code and 45 CFR 74.40 through 74.48. The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria. No other evaluation criteria, other than as outlined in the RFP, will be used.

In accordance with 45 CFR 74.43, Medicaid encourages free and open competition among the Vendors. Whenever possible, Medicaid will design specifications, proposal requests, and conditions to accomplish this objective, consistent with the necessity to satisfy Medicaid's need to procure technically sound, cost-effective services and supplies.

A respondent is expected to describe a single, complete solution. Responses should clearly indicate whether it is a one vendor solution or will require the use of subcontractors. If multiple vendors are involved, a list of the services and which vendors will provide them is required, along with specific details about how the different products and services are integrated.

Medicaid is entertaining two different models for the HIE system hosting: Model A – Vendor Hosted Solution and Model B – Medicaid Hosted Solution. Vendors are allowed to submit multiple proposals, one for each of the two Models. Each response must be submitted as a separate, standalone proposal including applicable pricing.

B. Single point of contact

From the date this RFP is issued until a Vendor is selected and the selection is announced by the Project Director, all communication must be directed to the Project Director in charge of this solicitation. **Vendors or their representatives must not communicate with any State staff or officials regarding this**

procurement with the exception of the Project Director. Any unauthorized contact may disqualify the Vendor from further consideration. Contact information for the single point of contact is as follows:

Project Director:

Gary D. Parker

Address:

**Alabama Medicaid Agency
Lurleen B. Wallace Bldg.
501 Dexter Avenue
PO Box 5624
Montgomery, Alabama 36103-5624**

E-Mail Address:

HIERFP@medicaid.alabama.gov

C. RFP Documentation

All documents and updates to the RFP including, but not limited to, the actual RFP, questions and answers, addenda, etc., will be posted to the Agency's website at www.medicaid.alabama.gov.

D. Questions Regarding the RFP

Vendors with questions requiring clarification or interpretation of any section within this RFP must submit questions and receive formal, written replies from Medicaid. Each question must be submitted to the Project Director via email. Questions and answers will be posted on the website on the date specified under the schedule of events.

E. Acceptance of Standard Terms and Conditions

Vendor must submit a statement stating that the Vendor has an understanding of and will comply with the terms and conditions as set out in this RFP. Additions or exceptions to the standard terms and conditions are not allowed.

F. Adherence to Specifications and Requirements

Vendor must submit a statement stating that the Vendor has an understanding of and will comply with the specifications and requirements described in this RFP.

G. Order of Precedence

In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor's response, the language contained in the RFP will prevail. Should Medicaid issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal in the event of an inconsistency, ambiguity, or conflict.

H. Vendor's Signature

The proposal must be accompanied by the RFP Cover Sheet signed in ink by an individual authorized to legally bind the Vendor. The Vendor's signature on a proposal in response to this RFP guarantees that the offer has been established without collusion and without effort to preclude Medicaid from obtaining the best

possible supply or service. Proof of authority of the person signing the RFP response must be furnished upon request.

I. Offer in Effect for 120 Days

A proposal may not be modified, withdrawn or canceled by the Vendor for a 120-day period following the deadline for proposal submission as defined in the Schedule of Events, or receipt of best and final offer, if required, and the Vendor so agrees in submitting the proposal.

J. Medicaid Not Responsible for Preparation Costs

The costs for developing and delivering responses to this RFP and any subsequent presentations of the proposal as requested by Medicaid are entirely the responsibility of the Vendor. Medicaid is not liable for any expense incurred by the Vendor in the preparation and presentation of their proposal or any other costs incurred by the Vendor prior to execution of a contract.

K. State's Rights Reserved

While Medicaid has every intention to award a contract as a result of this RFP, issuance of the RFP in no way constitutes a commitment by Medicaid to award and execute a contract. Upon a determination such actions would be in its best interest, Medicaid, in its sole discretion, reserves the right to:

- Cancel or terminate this RFP;
- Reject any or all of the proposals submitted in response to this RFP;
- Change its decision with respect to the selection and to select another proposal;
- Waive any minor irregularity in an otherwise valid proposal which would not jeopardize the overall program and to award a contract on the basis of such a waiver (minor irregularities are those which will not have a significant adverse effect on overall project cost or performance);
- Negotiate with any Vendor whose proposal is within the competitive range with respect to technical plan and cost;
- Adopt to its use all, or any part, of a Vendor's proposal and to use any idea or all ideas presented in a proposal;
- Amend the RFP (amendments to the RFP will be made by written addendum issued by Medicaid and will be posted on the RFP website); ☐ Not award any contract.

L. Price

Vendors must respond to this RFP by utilizing the RFP Cover Sheet to indicate the firm and fixed price for the implementation and updating/operation phase to complete the scope of work.

M. Submission of Proposals

Proposals must be sealed and labeled on the outside of the package to clearly indicate that they are in response to 2020-HIE-01. Proposals must be sent to the attention of the Project Director and received at the Agency as specified in the Schedule of Events. It is the responsibility of the Vendor to ensure receipt of the Proposal by the deadline specified in the Schedule of Events.

N. Copies Required

Vendors must submit one original Proposal with original signatures in ink in binder form, one additional hard copy in binder form, plus two electronic (Word format) copies of the Proposal on, jump drive or disc clearly labeled with the Vendor name. One electronic copy MUST be a complete version of the Vendor's response and the second electronic copy MUST have any information asserted as confidential or proprietary removed. Vender must identify the original hard copy clearly on the outside of the proposal.

O. Late Proposals

Regardless of cause, late proposals will not be accepted and will automatically be disqualified from further consideration. It shall be the Vendor's sole risk to assure delivery at the Agency by the designated deadline. Late proposals will not be opened and may be returned to the Vendor at the expense of the Vendor or destroyed if requested.

P. Proposal Format

Proposals must be prepared on standard 8 ½" x 11" paper and must be bound. All proposal pages must be numbered unless specified otherwise. All responses, as well as any reference material presented, must be written in English.

Proposals must not include references to information located elsewhere, such as Internet websites. Information or materials presented by the Vendor outside the formal response or subsequent discussion/negotiation, if requested, will not be considered, and will have no bearing on any award.

This RFP and its attachments are available on Medicaid's website. The Vendor acknowledges and accepts full responsibility to ensure that no changes are made to the RFP. In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor's response, the language contained in the RFP will prevail. Should Medicaid issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal.

Q. Proposal Withdrawal

The Vendor may withdraw a submitted proposal at any time before the deadline for submission. To withdraw a proposal, the Vendor must submit a written request, signed by a Vendor's representative authorized to sign the resulting contract, to the RFP Project Director. After withdrawing a previously submitted proposal, the Vendor may submit another proposal at any time up to the deadline for submitting proposals.

R. Proposal Amendment

Medicaid will not accept any amendments, revisions, or alterations to proposals after the deadline for submitting proposals unless such is formally requested, in writing, by Medicaid.

S. Proposal Errors

The Vendor is liable for all errors or omissions contained in their proposals. The Vendor will not be allowed to alter proposal documents after the deadline for submitting proposals. If the Vendor needs to change a previously submitted proposal, the Vendor must withdraw the entire proposal and may submit the corrected proposal before the deadline for submitting proposals.

T. Proposal Clarifications

The Agency reserves the right to request clarifications with any or all Vendors if they are necessary to properly clarify compliance with the requirements of this RFP. The Agency will not be liable for any costs associated with such clarifications. The purpose of any such clarifications will be to ensure full understanding of the proposal. Clarifications will be limited to specific sections of the proposal identified by Medicaid. If clarifications are requested, the Vendor must put such clarifications in writing within the specified time frame.

U. Disclosure of Proposal Contents

Proposals and supporting documents are kept confidential until the evaluation process is complete and a Vendor has been selected. The Vendor should be aware that any information in a proposal may be subject to disclosure and/or reproduction under Alabama law. Designation as proprietary or confidential may not protect any materials included within the proposal from disclosure if required by law. The Vendor should mark or otherwise designate any material that it feels is proprietary or otherwise confidential by labeling the page as “CONFIDENTIAL”. The Vendor must also state any legal authority as to why that material should not be subject to public disclosure under Alabama open records law and is marked as Proprietary Information. By way of illustration but not limitation, “Proprietary Information” may include trade secrets, inventions, mask works, ideas, processes, formulas, source and object codes, data, programs, other works of authorship, know-how, improvements, discoveries, developments, designs and techniques.

Information contained in the Pricing Section may not be marked confidential. It is the sole responsibility of the Vendor to indicate information that is to remain confidential. Medicaid assumes no liability for the disclosure of information not identified by the Vendor as confidential. If the Vendor identifies its entire proposal as confidential, Medicaid may deem the proposal as non-compliant and may reject it.

IX. Evaluation and Selection Process

A. Initial Classification of Proposals as Responsive or Non-responsive

All proposals will initially be classified as either “responsive” or “non-responsive.” Proposals may be found non-responsive at any time during the evaluation process or contract negotiation if any of the required information is not provided; or the proposal is not within the plans and specifications described and required in the RFP. If a proposal is found to be non-responsive, it will not be considered further.

Proposals failing to demonstrate that the Vendor meets the mandatory requirements listed in Appendix A will be deemed non-responsive and not considered further in the evaluation process (and thereby rejected).

B. Determination of Responsibility

The Project Director will determine whether a Vendor has met the standards of responsibility. In determining responsibility, the Project Director may consider factors such as, but not limited to, the vendor’s specialized expertise, ability to perform the work, experience and past performance. Such a determination may be made at any time during the evaluation process and through contract negotiation if information surfaces that would result in a determination of non-responsibility. If a Vendor is found non-responsible, a written determination will be made a part of the procurement file and mailed to the affected Vendor.

C. Opportunity for Additional Information

Medicaid reserves the right to contact any Vendor submitting a proposal for the purpose of clarifying issues in that Vendor's proposal. Vendors should clearly designate in their proposal a point-of-contact for questions or issues that arise in Medicaid's review of a Vendor's proposal.

D. Evaluation Committee and Executive Committee

An Evaluation Committee appointed by the Project Director will read the proposals, conduct reference checks, score the proposals, and make a written recommendation to the appointed Executive Committee of the Alabama Medicaid Agency.

Once a recommendation by the Evaluation Committee has been made, an Executive Committee consisting of Medicaid leadership members who have not participated in the Evaluation Committee, will review both hosting models. The Executive Committee will make a recommendation as to which model best fits the needs of Medicaid. A written recommendation of the Evaluation Committee and Executive Committee will be made to the Commissioner of the Alabama Medicaid Agency.

Medicaid may change the size or composition of the committees during the review in response to exigent circumstances.

E. Scoring

The Evaluation Committee will score the proposals using the scoring system shown in the table below. The highest score that can be awarded to any proposal is 100 points.

| Evaluation Factor | Highest Possible Score |
|---------------------------------------|-------------------------------|
| Corporate Background and Experience | 10 |
| Vendor References | 5 |
| Scope of Work: Core Services | 15 |
| Scope of Work: Infrastructure Support | 15 |
| Scope of Work: System Implementation | 20 |
| Pricing | 30 |
| Total | 100 |

F. Determination of Successful Proposal

The Vendor whose proposal is determined to be in the best interest of Medicaid will be recommended as the successful Contractor. The Project Director will forward this Vendor's proposal through the supervisory chain to the Commissioner, with documentation to justify the Committee's recommendation.

When the final approval is received, Medicaid will notify the selected Vendor. If Medicaid rejects all proposals, it will notify all Vendors. Medicaid will post the award on the Agency website at www.medicaid.alabama.gov. The award will be posted under the applicable RFP number.

Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

Failure to comply with these requirements may result in termination of the agreement or subcontract.

Any dispute concerning a question of fact arising under the contract which is not disposed of by agreement shall be decided by the Commissioner of Medicaid.

In the event of any dispute between the parties, senior officials of both parties shall meet and engage in a good faith attempt to resolve the dispute. Should that effort fail and the dispute involves the payment of money, a party's sole remedy is the filing of a claim with the Board of Adjustment of the State of Alabama.

For any and all other disputes arising under the terms of this contract which are not resolved by negotiation, the parties agree to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation. Such dispute resolution shall occur in Montgomery, Alabama, utilizing where appropriate,

FF. Notice to Parties

LL. Alabama interChange Interface Standards

MM. Contract Liquidated Damages

In the event that Vendor fails to meet any requirement of this RFP and/or contract, Medicaid may impose liquidated damages based on actual costs incurred by Medicaid as a direct result of Vendor's non-compliance. The purpose of liquidated damages is to ensure adherence to the performance requirements in these contracts with no punitive intention. However, additional days can be approved if deemed necessary, in the sole discretion of Medicaid. If the failure is not resolved within this warning/cure time period, liquidated damages shall be imposed retroactively to the date of failure to perform. The imposition of liquidated damages is not in lieu of any other remedies available to Medicaid. Medicaid shall withhold from Vendor reimbursements the amounts necessary to satisfy any damages imposed.

If Medicaid elects not to impose liquidated damages in a particular instance, this decision shall not be construed as a waiver of Medicaid's right to pursue future assessment of that performance requirement and associated liquidated damages. **Instructions for Certification Regarding Debarment, Suspension,
Ineligibility and Voluntary Exclusion**

(Derived from Appendix B to 45 CFR Part 76--Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions)

1. By signing and submitting this contract, the prospective lower tier participant is providing the certification set out therein.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this contract was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Alabama Medicaid Agency (the Agency) may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the Agency if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, and voluntarily excluded, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this contract is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this contract that, should the contract be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this contract that it will include this certification clause without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Agency may pursue available remedies, including suspension and/or debarment.
